Trust-Wide Conference Success!

The Trust was delighted to welcome staff and governance teams from all of the schools, to our first ever Trust-Wide INSET conference on 4th November 2024!

Feedback was incredibly positive, with attendees noting how great it was to have the opportunity to have oversight of the trust, and the opportunities for collaboration with those in similar roles but at different schools.

This trust-wide collaboration allowed everyone who is involved in your children's learning, to appreciate how every role in every setting has an impact on ensuring the best for every child in our family of schools and nursery.

Trust Collaboration

Achieving High Performance Outcomes for Every Child

As a learning partnership, Everychild Partnership Trust is committed to supporting each school to have the best possible opportunities to develop, share and learn together, enhancing education in every classroom, for every child, in every community.

At the start of this academic year, we hosted our first ever Trust-Wide INSET at the American Express Stadium. This saw nearly 300 staff, governors, trustees and members come together to focus on 'achieving high performance outcomes for every child'.

Our CEO opened the meeting with an inspirational story about how small actions can make a big difference. This was followed by our guest speaker, Rachel Macfarlane, published author and educational speaker. Rachel spoke fervently about ensuring every child is seen, represented and included. This echoed our Trust vision to engage, equip and empower – supporting our communities to thrive by placing each child at the centre of everything we do

Welcome to our new Trustee!

A warm welcome to Shareen Wilkinson, who attended her first meeting as a Trustee in July. Shareen is the Director of Education at LEO Academy Trust, and brings with her a wealth of knowledge, meaning she is perfectly placed as our new Chair of the Education Committee!

Shareen's successes include recently being elected to join the Confederation of School Trusts new Policy Advisory Group - congratulations Shareen!

Shareen Wilkinson

Welcome to our New Member

Marsha Kuye

We welcomed Marsha as the newest Member of the Trust Members Board at the end of the last academic year.

The National Governance Association describes Members as the “guardians of the governance of the trust” and they hold the Trust Board to account for the effective governance of the Trust.

Network Group Collaboration

It has been fantastic to see the ongoing work across our schools, networking to share best practice, great ideas and continue developing our offer across all areas, across all our schools.

The SAFS (Student And Family Support) Team and the Lead Practitioner Groups have both met in the early part of the Autumn Term, to look at “What’s Working Well” and “Even Better If’s”. These Network Groups work to improve consistency with the ultimate aim of even better learning outcomes - for every child.
